

ENGAGING YOUTH IN PRIMARY PREVENTION EFFORTS

Ted Rutherford
Prevention Programs Specialist

Objective #1 Define primary prevention

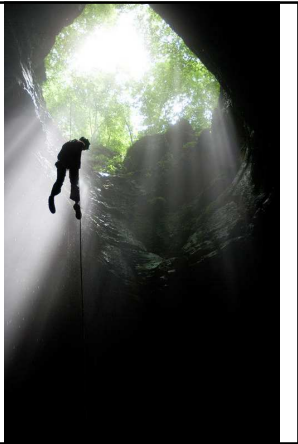

Objective #2

Identify ways in which youth are
marginalized

Objective #3

Explore effective strategies for engaging youth in primary prevention efforts

The river

a metaphor for primary prevention

You and your dog are playing fetch in the river...

When suddenly...

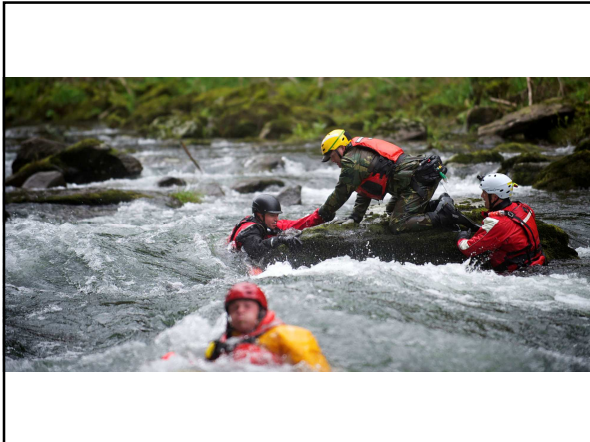

What do you do?

Well, guess what...

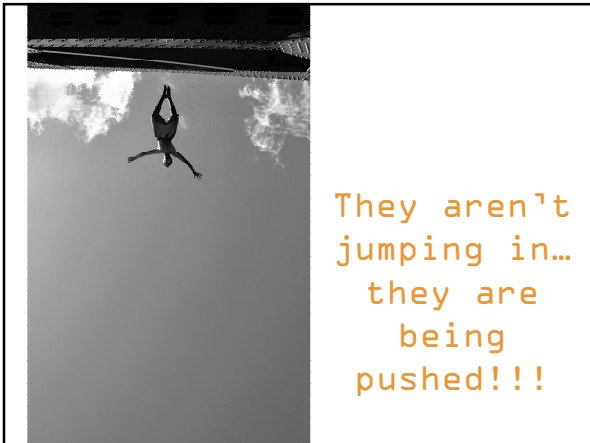

who or what
is doing the
pushing?

Why are they
pushing?

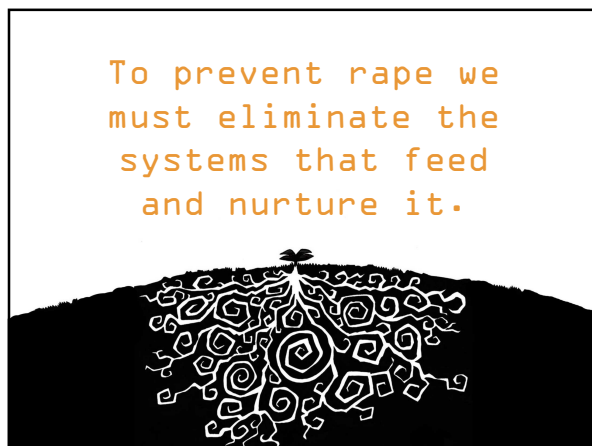

We live in a culture
that accepts and
condones pushing

Pushing culture
=
rape culture

Why do
perpetrators
perpetrate?

power
others

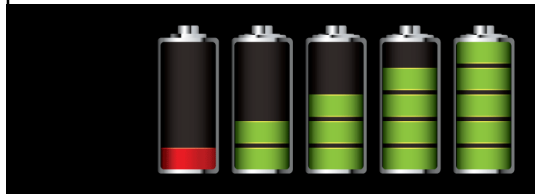

Marginalization
of youth

How much power
do youth have
in our society?

In what ways
Do we deny them
power?

Do all youth have the
same amount of power?

How are
marginalized
people or
groups
treated?

44% of victims are
under 18 years old
